

Press release

Renens, 26th June 2020

New President for Swiss Data Center Association (SDCA)

With Sergio Milesi, SDCA has succeeded in reassigning the position of President as of 26 June 2020.

Thanks to his technical and business management education and many years of experience at various management levels in national and international companies in the ICT industry, Mr. Milesi is well qualified to continue to position SDCA in the market. In addition to his multilingualism and negotiating experience, Mr. Milesi brings a wealth of entrepreneurial experience. Mr. Milesi is very familiar with the work in professional bodies and associations.

Mr. Milesi is 58 years old, married, father of two children and electrical engineer ETHZ.

René Fell, says: "I am very pleased that, after an intensive and selective search, we have found a very good successor for my office as President of the SDCA in Mr. Milesi. We are convinced that Mr. Milesi with his proven experience will lead our association into a secure and successful future".

Commenting on his new position, Sergio Milesi said: "I am very much looking forward to this new challenge at SDCA. SDCA is well positioned in the Swiss market and will make a significant contribution to promoting Switzerland as a location for customers looking for data centers".
